File No. 1. Nos. 1–4.

Raising police corps in certain Divisions.

Dodd

MM.

No. 15

Superintendents Office

Salooda, 17th January 1859.

From

Major G. Haines

Superintendent of the

Bangalore Division

To

The Secretary to the Commissioners

for the Governments of the Territories

of the Rajah of Mysore

Bangalore

Sir,

I have the honor to acknowledge your Circular Letter, No. of the 15th Instant with its enclosures, requiring me to submit my opinion regarding the number, strength, and composition of the Civil and Police Troops it may be considered necessary to maintain permanently in Mysore, and the manner in which such Corps should be armed.

2, From the enclosures of your Circular Letter, that this information is required by the Indian Army Commissioners under the assumption

that

No 1 to 15

Super in Tenants Office
Salem, 17th January 1859.

From
Capt G. Haines
Super in Tenant of the
Bangalore Division

To
The Secretary to the Commissioners
for the Government of the Territories
of the Rajah of Mysore
Bangalore

Sir,

I have the honor to acknowledge your Circular Letter No 1 of the 15th Instant with its enclosures, requiring me to submit my opinion regarding the number, strength, and composition of the Civil and Police Force it may be considered necessary to maintain permanently in Mysore, and the manner in which such Force should be armed -

2, From the enclosures of your Circulars I gather, that this information is required by the Indian Army Commissioners under the assumption

that

that such Police Corps are to be organized in this Territory, as well as in the several Districts of the Presidencies, and in order that they may be freed of the number of European and Native Regular Troops it may be expedient to maintain for the protection of the Establishments of such Presidency -

3, Beg to submit that under the present constitution of the Pillaar and Barr forces in Mysore, I do not see the expediency of forming any Civil, or Police Corps in this Territory - For purely Police purposes, that is for tracing and apprehending Robbers, for keeping the peace in Towns, and on occasions when large assemblages of people congregate, I think the present Establishments of Peons is sufficient -

4, The chief objects of raising Police Corps I conceive is to relieve the Regular Infantry of the Army of certain of harrassing duties such as escorting Treasure, furnishing Guards to Gaols, and to District Treasuries - Such duties irksome and pernicious to the discipline of Native Regiments of the line, doubtless have been

been so heavy in the British Provinces
as to render it necessary to relieve the
Native Army of them by raising bodies
of half trained men, who might be
entrusted with the above duties and
not at the same time as District Police
5 But requisitions for the performance
of such duties have rarely if ever
been made upon the Regular Troops
stationed in Mysore -
6, This Territory in the Silladar
Horse, and local Infantry Barr
~~fifty men~~ at its disposal
for performing all Escort, Jail, and
Treasury Guard duties, and for all
other common Police purposes that
the present Establishments of Peons
as now constituted, preferable to
any organized or trained body -
7, The formation of Regular Police
Corps trained to use Arms and
subjected to some sort of Military
discipline, must entail a considerable
additional

5

additional expence, or it would lead to a great reduction of the Peon Establishments; as it cannot be supposed that the present Peons who might be deemed fit for the Police Corps, could be got to serve in it, on their present pay. I do not think that raising such a Corps would be beneficial to this Territory, or at all influence the calculations on which the Indian Army Commissioners are now engaged, as I imagine there will never be a reduction of the number of Regular Troops stationed in Mysore. It might perhaps be useful to the Commissioners, if the composition and numbers of the Silladar Horse and Mysore Infantry Bands, which seem to stand in the place of the Corps they contemplate, were described to them.

8. I have the honor to enclose a Statement of the Police and Revenue Peon Establishments of the Bangalore Division. These Peons supply their own Arms, which are generally Swords and a few Matchlocks. I would recommend that twenty Light Infantry Buzils with Swords & Bayonets

armed

5

and black accoutrements should be supplied to each Talook, which I think would be sufficient. I may add that the Peons are all Natives of Mysore and the Chiefs are as the Inspection Reports fully shew.

I have the honor &c &c

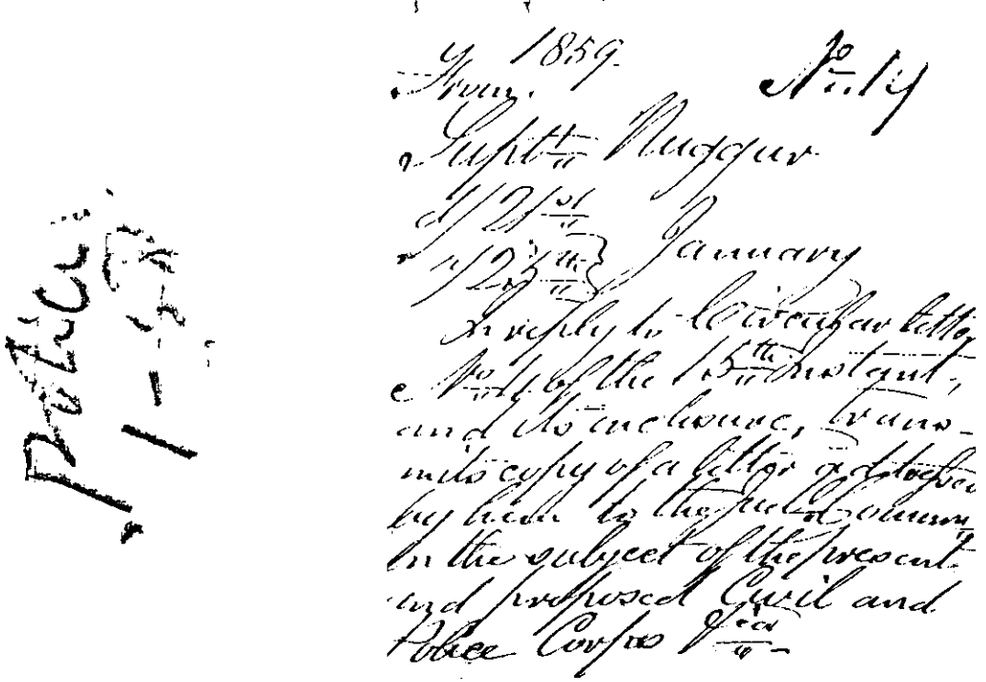
Inclosure

With reference to the
Circular Letter No. 4 of
the 15th Instant, I submit
this opinion on the subject
of Raising Police Corps
in this Division.



Police
1-58

Nagpur Division
Superintendent's Office

No. 19

To

The Secretary to the Commissioner
for the Government of the Territories of H. H. the Rajah of
Nagpore

Sir

I have the honor to acknowledge the receipt of your Circular letter No. of the 15th instant forwarding for my opinion copy of a letter from the Officiating Secretary to the Government of India No. 3796 dated 12th November last and its enclosures.

2d I beg to enclose copy of my letter to the Judicial Commissioner No. 32 dated 17th September 1858, which will shew to the Commissioner the present and proposed Civil and Police corps in this Division independent of the Sowars and Barr* attached to this Division and I am of opinion that the proposed Establishment if sanctioned, will, together

† one Regiment
* one Battalion

10

together with the Servants and Peons, be ample for this Division

3. With regard to the composition I beg to state that the present amalgamated Cundachar Establishment comprises 1919 Hindoos of different castes, including a few Parriahs and Christians and 809 Musulmen and my experience in Mysore does not suggest the necessity of making any particular alteration in the composition.

4. The present Cundachar have their own arms either Swords or Matchlocks and I think they will do for them.

5 The Peons to be employed in my office and the two Moonsiffs' Courts of the Division are shewn in the margin.

Sheristh office

11

Fuggur Division
Secretariat Office

To

The Judicial Commissioner
in Mysore

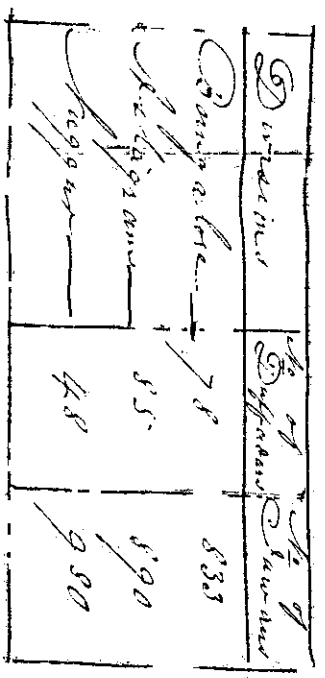
Sir

I have the honor to acknowledge the receipt of your letter Fo 24 of the 15th July last, requesting me to furnish you with a more detailed statement of the measures which I think are requisite for the improvement of the Police in this Division, and forwarding a Correspondence as per margin between your Office and the Superintendents of Bangalore and Belagaum on the subject of the Police of this Division, which is herewith returned.

From the Supdt of Bangalore
13th September 1855 No 234
Memo: and statement of Police
To Supdt of Bangalore
25th March 1856 Fo 48.
To Supdt of Belagaum
dd 3d December 1855 & No 108
From Dy Dr 29th January 1857
No 36.
To Dy Dr 3rd March 1857
No 10.
Extract of letter from Supdt of
Bangalore No 254 of 3rd
November 1856. No more returned.

2 As the Police and Revenue Establishments are most closely connected, the present Curnachar Establishment was compared with the Consolidated numbers and amounts of

of the Police and Establishments of the Bangalore and Astagram Divisions and was found less than the former by 1135 men and Rs 4274-10-.. and also the Cattle by 572 men and Rupees 2733-2-.. though the number of men employed in the Revenue Department exceed those in both the other Divisions as can be seen from the marginal statement.



3. The whole of the Members in reply to a Circular issued by me enquiring what Changes they would propose to render the Police more efficient in their respective Talooks have stated the necessity of a numerical increase amounting in the aggregate to no less than 1187 men, but from a perusal of the Returns that an increase of the Rates of Pay to the present

establishment together with an
establishment of 2 Goldbeaters for the
Cavalry = Stated Salaries of Fourteen
pounds 2 Officers and 500
Men to the Number now employed
in the Police = Water would be
those likely to improve the
efficiency of the Police than by
adding any number of under paid
Labourers to their present force
4 The Officers in the Revenue
Department in the Division being
less than those in the other two
Divisions I would respectfully
suggest the Establishment of 42
Officers in this Department.
5 The Rates of Salaries which
I would propose for these men
in the Bengal Police are the
same which I have mentioned
for the other two Divisions, but
in the Margin, I think the
Rates shown in the Margin would
prove

Police Officers 4/ 3" 4
Police Officers 4 3

more a better arrangement for the
Government Service
I beg for the Sanction of the
Police of the Superintendent, if
think the Rates Sanctioned for
Telegram would answer well.
The increase attending the
above arrangement would be
Rs 3194-2-0 per annum as shown
in detail in the accompanying
Statement which is sent by
Post this day
especially granted to Bangalore
and also by Rs 87-8-0 per annum
Telegram.
I beg to take this opportu-
nity to bring to your notice
that there are 64 Coomarahs in
the Talooks drawing grain in the
Omdachar Establishment from
Rupees 2 to 5, and in the
Superintendents Asham, only one
drawing 6 Rs and the remaining
three

Duties each. These men in all
71 who appear on the list of the
effective strength are employed in
assisting the Chief Constable and
Magistrate Broomhead. If it
they should be struck off the
establishments on which they now
are, and brought on those of
the Departments in which they
are actually employed. If on
this measure be approved, there
would be a further reduction of
Police in the above sum. It cannot
also be left out that opportunity
without stating the necessity
there exists for the employment
of these foot officers and considering
the heavy duties they have to
perform, and the many befitting
Emoluments they have, I would
strongly recommend their being
continued as additional Constables
on the Salaries of
5 Rs and those in the Superior

to 10 Rupees as they have no more
about the Division with the Calekerry.
9 Hillodars of this Division
are I conceive much underpaid, but
so are the other Talookah servants
and I could not recommend them to
receive more than the Peishkars
and Shirestadars who are only
drawing 15 and 20 Rs, but I
beg to recommend that no Hillodar
should receive less than 15 Rupees
and cause an increase of
57 Rs a Month viz 5 Rupees
to 9 Hillodars now only drawing
10 Rs and 3 Rupees to 3 who
are at present drawing 12. There
are 2 Khanadars drawing only 7
Rupees each and these I would
recommend to be increased to 10.
I would also suggest the
reestablishment of a Hillodar
at Benkipore on 15 Rupees
which appointment was abolished

in 1849 at Mr. Pinlow's recommend-
ation. The duties are at present
performed by a Cundachar Shenvadi
who only draws 3/4 Rupees a
month though there is ample
employment for a Killadar and
living on the ghat side there are
constant demands on the time in
furnishing supplies &c to travellers
Should this be sanctioned, I think
the Killadar of Coomsee might
be reduced to a Sanadar on 10 Rs
as a Pauhcar is always stationed
there and a Cundachar Shenvidar
to Should it please you to
sanction the proposed arrangement
I trust that a corresponding improvement
in the efficiency of the Police in this
Division will soon be apparent.

Shimoga

Memorandum

Feby 1852

According to instructions directing me to furnish certain details required with reference to the Police Lascars of the Cowledroog Talook I beg now to submit the following Report.

I have given in a tabular form, subjoined, the particulars of the pay and strength of the Police of that Talook and have added those of two other Mulnad Talooks viz Coppa and Nastana, for the purpose of showing where points of difference exist between them.

The vacancies in the Jurisdiction Peons of Cowledroog Talook are now only 10 in number, but I must explain herein with reference to the Remarks which I made in representing the Circumstances of this Talook Police some weeks ago, that the number of vacancies was at that time between 20 and 30. Subsequently, a considerable accession to the number

of Lascars has been made, owing as I have good reason to believe to a rumour which has got about founded simply on the Inquiries which have been going on, that an increase of pay was about to be given. This sudden addition has been supplied by a number of ren. hangers on. who have hitherto on account of the low pay Pte refused to take permanent service, as certain persons, which would subject them to removals to other parts of the Fabric an inconvenience and expense for which the pay of Pte 2-12- would not by any means Compensate them. They have therefore been employed as "Cuddies," accepting only such acting appointments as would not interfere probably with other avocations. I have mentioned these circumstances to justify my former remarks. but the inefficient state of the Police here does not it appears to me arise so much from the paucity of their numbers more particularly as it will be seen that the complement is higher very much than in

other

other adjoining Talooks, but from the bad ma-
terials of which they are composed. Many of
the Jawans of this Talook are loose disrepu-
table Characters who have been recruited out
of the Talook and from their not being acquainted
with the localities of Villages &c, and with a hun-
other local matters, business of the most ordinary
kind is carried on with difficulty and, then on
by means of the Comparatively few who are not Stran-

Good men cannot be induced to enlist, so lon-
as they are. Hon. Fraud Service with
Sowcars and traders who give their servants,
& understand, Rs 2 a Month, as well as the
food which may be taken at another 2
Rupees. It will indeed be observed that
both in Coopa and Vaistara, and in those
Talooks even, the State of the Police
is far from satisfactory from somewhat
similar circumstances, the pay of all grad-
is considerably higher, than in Cowledroog
and I would respectfully recommend that
in these three Talooks, more especially

though

though an increase is undoubtedly much needed throughout the Division. The pay should be raised to Rs. 4 for the three Lowest Classes and the higher grades in proportion.

Chittledroog Division
Superintendent's Office

To,
The Secretary to the
Commissioner for the Government
of the Province of Mysore
Bangalore

Sir,

I have the honor to acknowledge your Circular letter of the 15th ultimo No 4 with enclosure calling for my opinion regarding the number, strength and composition of the Civil and Police Corps required hereafter for my Division and

Before I make any special reference to the requirements of my own Division, it will be necessary to consider the composition of our Police generally which in some respects differs from the Madras District Police.

The Mysore Police may be thus classified. 1st The Mysore Infantry and irregular Horse. 2nd Talook Police and 3rd Village Watchmen. The Infantry and Horse are not attached to any one Talook or Division but distributed according to circumstances wherever their services may be required.

The Taloote Police are a local body not liable to be moved from one Taloote to another except on a temporary arrangement, and under emergent circumstances.

The Village Watchmen are never liable to be called on for service beyond their own Village and this Office is hereditary.

The infantry and horse have a regular uniform and are armed with muskets, pistols and Swords, they are employed as Treasury & Jail guards as frontier Police also and Town and Cutcherry guards at Sudder Stations, live in lines, the Infantry keeping their Arms in readiness for service ready for special duty.

The Taloote Police guards the Taloote treasury & Jail, and are employed on every description of Police duty in procuring supplies for troops, superintending Cultivation and assisting the Revenue Servants in the collection of Revenue, also in guarding the Buttayee crops.

The Village Watchmen are considered the immediate guardians of the Village crops, Grain and property, and were under the Native system, required to make good the Value of

stolen property until they discovered the thieves or recovered it.

I would not recommend any change in the composition or organization or pay of the infantry or horse the horse are not of much obvious use, the inhabitants however attach much importance to a mounted corps and this branch affords the means of supporting in an honorable service members of the old Abyssinian families who would be if not provided for discontented and troublesome.

The object of the proposed re-organization of the Police namely relieving the Treasury of Irregular Cavalry has been already secured in Mysore by our employing the irregular horse and Barr on those duties. The Talook Peons in this Division who were formerly inconveniently numerous and miserably paid were considerably reduced by me in 1864 for the purpose of enabling me to raise the pay of those retained which is now even, hardly sufficient for the maintenance of men required to give their whole time to the service of Government.

I would propose raising the pay of all Talook Peons from 3 to 3½ and Rupees. I recommend this

rates to an arrangement which would enable me to promote and reduce with facility for ordinary activity or neglect and thus on an extensive scale encourage on our side and deter on the other. It might be desirable to moderately increase the strength of the Salaried Police or reduced their numbers for the reasons above stated to the lowest point consistent with efficiency.

The Village Police are a numerous and unsettled body who out of their Village perquisites have been obliged to pay a fee to Government, which I believe could only be paid by throwing on them a

[illegible] this

part of a heavy income tax on a large scale and all the pilferers of public and private property of which they were the constituted guardians.

I have gradually relieved them from the payment of fees and purpose next year to remit the portion still paid, these measures accompanied by severity towards those convicted of neglect has been in a measure successful, but I am satisfied that the task, I may say, the only way of preventing robbery, and detecting the offenders is to render the Police

of the Village Watchmen remuneration.

I would direct a certain number of the most active and would give each in land, or money two or three Rupees a year and with it you would thereby render the said watchmen to his ordinary position and promote another vigilance for detection of any concealed theft or murder.

I may say here generally that while a police establishment is desirable I deprecate the formation of a distinct body of Police distributed amongst the Villages and entrusted by the Revenue authorities, as I believe this in a short time would become odious

often on a communal and for a definite object, organized a small body of Police under my own immediate orders and independent of the local authorities, and I am afraid my agents in most instances would make of their independent position to extort money by threats and false pretences.

The changes I propose would involve an outlay of about 4,000 Rupees per annum. An abstract of the present and proposed strength of the Talaris and Jail Police is forwarded herewith.

I have the honor to be

The Secretary to the Commissioner
for the Government of the Territories
of the Rajah of Mysore
1-5 Bangalore

Sir,

I have the honor to acknowledge the receipt of your Circular letter No. 4 of the 15th January last forwarding Copy of a Communication received from the Secretary to the Government of India on the subject of the number, strength and Composition of the Civil and Police Corps in this district, and directing me to give my opinion thereon.

In reply I beg to transmit herewith a Statement of the present strength and Composition of the Cundachar Establishment, as also of the Weapons with which they are armed. From this it will be observed that out of the total number of men viz. 2,292, 1,150 are Hindoos of different denominations and 542 Mahomedans, and the total number of Arms in their possession is said to be 2,588, Comprising Cumatties Match locks, Swords, Spears and daggers which are all their private property - but my opinion is from the fact of Men who on appointment, having in many

manner

many Cases to borrow Swords when they present themselves for inspection, that this number is overstated.

3. The Ordnance Establishment having been lately placed on an improved footing in this Division, as they are as [illegible] The question of arming them only remains to be decided. Those employed as guards over the Jails and Treasuries should I think have Swords and Match Locks, at present they have only their own weapons which are principally Swords. For the rest I would leave them as they are. They are equal to the work required of them here in dealing with the natives of this Country, and I see no object in making them formidable by arming and disciplining if they at any time should turn traitors.

I have the honor to be
Sir,
Your most Obed. Servant
